Synopsis Books:

For twenty year old Maya Simmons, being a succubus wasn't much of a worry. It was when she needed to fulfill the demon inside her that annoyed her. The lifestyle of drugs, alcohol and sex wasn't one she bragged about, especially to the one guy she knew she could never have, Tristan James. Much of Maya's college life consisted of flirting with Tristan, seeing Tristan, watching Tristan, but never once did she ever attempt to taste the empowering energy that consisted inside him. She wouldn't dare. It almost helped that he had a girlfriend. But when a threat of Tristan's life comes into play, and a rogue succubus is out to kill, Maya must play detective with her fellow succubus and incubus, Melinda and Daniel, before it's too late. Not only does she need to find out who's killing people, but Maya needs to make sure no one finds out, especially Tristan, and especially the SIA. Sometimes, secrets become too much to handle. And the one thing Maya always wanted may be within more reach than she thought. But it could be too late, because the clock's ticking and the heartbeat's slowing.
