Synopsis Books:

Heâ€™s your perfect date. Youâ€™re his next victim. When the tortured body of a young woman is found in a dumpster, her eyes swollen shut and her clothes soaked with blood, Detective Erika Foster is one of the first at the crime scene. The trouble is, this time, itâ€™s not her case. While she fights to secure her place on the investigation team, Erika canâ€™t help but get involved and quickly finds a link to the unsolved murder of a woman four months earlier. Dumped in a similar location, both women have identical wounds â€“ a fatal incision to their femoral artery. Stalking his victims online, the killer is preying on young pretty women using a fake identity. How will Erika catch a murderer who doesnâ€™t seem to exist? Then another girl is abducted while waiting for a date. Erika and her team must get to her before she becomes another dead victim, and, come face to face with a terrifyingly sadistic individual. Gripping, tense and impossible to put down, Last Breath will have you on the edge of your seat, racing to the final dramatic page.
