Synopsis Books:

Former Delta Force operator Rhys Sinclair defied the odds by recovering from a traumatic brain injury that should have killed him. Given the chance to repay the beautiful doctor who saved his life by guarding hers, he can't say no—even if it means facing an unknown threat from the cunning terrorist his CIA-sanctioned team had been hunting in Afghanistan. The catch is, she can't know about it without blowing their cover. Trauma surgeon Neveah Adams is finally putting her life back together after her horrific experience in Afghanistan. Giving the keynote speech at a medical conference in Vancouver is her starting point. With Rhys there to watch over her she feels safe for the first time in months, and her biggest problem is trying to hide her intense feelings for him. But Rhys knows something Neveah doesn't. The terrorist who targeted her in Kabul is coming after her again, and he's relentless enough to ensure all his past mistakes are erased with one final strike. Now that the nightmare from her past has resurfaced, Neveah has no choice but to put her trust in the one man who has the ability to break her heart, never knowing an assassin is closer than they realize.
