## Synopsis Books:

Just hours before Brandon Harris is supposed to head home to Cincinnati for a Labor Day family picnic, his boss at the Rock & Roll Hall of Fame forces him into giving a private tour to bratty British pop-rock star Lucas Black. Before he knows it, he finds himself swept up in a whirlwind road trip through Ohio with Lucas riding shotgun. Lucas grabs hold of this wild opportunity to run away—even for a few precious days—from the gilded cage that is his carefully managed life. He's just looking for a little fun and freedom as a normal person. From roller coasters to a college football game, Brandon begins to see the real Lucas Black buried under the famous persona. But by the time he and Lucas discover their mutual attraction, they only have one night left before both of them have to go back to their real lives. The fun is over...unless Lucas can run away for real this time and keep their adventure going. *States of Love: Stories of romance that span every corner of the United States.*
