## Synopsis Books:

Love is strange. It comes out of nowhere. Thereâ€™s no logic to it. Itâ€™s not methodical. Itâ€™s not scientific. Itâ€™s pure emotion and passion. And emotion and passion can be dangerous because they fuel loveâ€™and hate.Iâ€™m now a reluctant connoisseur of bothâ€™an expert through immersion. I know them intimately.When I fell in love with Miranda, it was swift and blind. She was the person Iâ€™d elevated to mythical status in my head, in my dreams.Hereâ€™s the thing about dreams, theyâ€™re smoke.Theyâ€™re spun as thoughts until they become something we think we want. Something we think we need.That was Miranda. She was smoke.I thought I wanted her. I thought I needed her.Over time reality crept in and slowly dissected and disemboweled my dreams like a predator, leaving behind a rotting carcass.Reality can be a fierce bitch.So can Miranda.And I can be a fool...who believes in dreams.And people.And love.*Note from the author: Due to strong language and sexual content, this book is recommended for mature audiences only.*
