Synopsis Books:

Take a journey with a group of friends...Ben has always had it bad for his childhood friend Anna, but after years of unrequited pining, he's officially done with her. It's the summer before he and his best friends graduate college and they are about to go on tour, following their favorite band all over the east coast. This group is like a family—extremely close but with their fair share of old wounds and hidden secrets—Anna figured out at a young age not to rely on anyone and she has always done whatever necessary to get by. She has carefully constructed her life—keeping herself isolated to stay focused and avoid getting hurt. But everyone has vulnerabilities and even the strongest willed have their breaking point—Ryan is buried in stress at work, so when his friend suggests a night out, he reluctantly agrees. But what starts off as a typical night in a strip club just outside New York City, ends in an encounter that will change everyone's lives—*Summer Tour* is intended for readers 18+ due to mature content, profanity, and recreational drug use (marijuana and psychedelics)
