Synopsis Books:

Twenty-three stories from one of speculative fiction's up-and-coming stars, Pushcart and Journey Prize-nominated author Rich Larson. Welcome to the Tomorrow Factory. On your left, post-human hedonists on a distant space station bring diseases back in fashion, two scavengers find a super-powered parasite under the waves of Sunk Seattle, and a terminally-ill chemist orchestrates an asteroid prison break. On your right, an alien optometrist spins illusions for irradiated survivors of the apocalypse, a high-tech grifter meets his match in near-future Thailand, and two teens use a blackmarket personality mod to get into the year's wickedest, wildest party. This collection of published and original fiction by award-winning writer Rich Larson will bring you from a Bujumbura cyberpunk junkyard to the icy depths of Europa, from the slick streets of future-noir Chicago to a tropical island of sapient robots. You'll explore a mysterious ghost ship in deep space, meet an android learning to dream, and fend off predatory alien fungi on a combat mission gone wrong. Twenty-three futures, ranging from grimy cyberpunk to far-flung space opera, are waiting to blow you away. So step inside the Tomorrow Factory, and mind your head.
